

We are looking for a: **MAINTENANCE METHOD ENGINEER**

As we are opening a new factory, we are also extending our team and looking for a **Maintenance Method Engineer** to join us.

Your Mission:

Your mission is to carry out electrical and mechanical maintenance work to make sure all equipment is working properly.

You will be responsible for the following tasks:

- Carry out routine maintenance work and respond to equipment faults.
- Diagnose breakdown problems.
- Ensure that Maintenance Technicians carry out planned maintenance.
- Repair and replace with new parts and make sure equipment is working correctly.
- Control of maintenance tools, stores and equipment.
- Monitor and control maintenance costs.
- Deal with emergencies, unplanned problems and repairs.
- Create and follow maintenance strategies regarding installation and commissioning guidelines.
- Create a maintenance plan for the organization's equipment.
- Ensure there is continuous cover of the machinery in case of breakdowns.
- Conduct regular checks on equipment to ensure no maintenance is required.
- Keep a record of preventive and emergency maintenance carried out.

Your profile:

- Engineering diploma.
- 2 to 4 years of experience in a similar role.
- Advance English skills are a must, French is an advantage.
- SAP experience and very good command of Excell/Office suite.
- Hands on attitude, autonomous, responsive, results and details oriented.
- Very good electrical and mechanical knowledge.
- Ability to understand a variety of engineering procedures and functions.
- Excellent diagnostic and problem-solving skills.
- Interpersonal and people-management skills for overseeing suppliers, teams and budgets.

We offer more than a job! What you'll will find here? Take a look:

- Interesting and challenging position in the aerospace industry.
- Various opportunities for personal and professional development, training and continuous learning.
- A permanent position in a company with a strong corporate identity and purpose.
- Great company culture in a young and dynamic team.
