

SAP PP or FI functional with MM/SD knowledge Turda, Cluj, Romania

Sonaca Romaia is a top tier **aerospace manufacturer** (Airbus, Embraer, Ariane 6 Rocket), part of Sonaca Group (Belgium) and has opened in 2025 the second factory near **Turda (Cluj)**, with ambitious plans to grow its team to almost double the current size.

In this context, **the IT department** is looking for two new colleagues to join the team, in the role of an **SAP Consultant for PP and FI**.

Roles & responsibilities

- Ensure the support and improvement request on SAP ECC and SAP S/4 HANA (SAP RICE).
- Enable to participate to project on SAP ECC and SAP S/4 HANA.
- Implement and configure the SAP PP **and/or** SAP FI modules based on business needs.
- Gather, analyze, and document production process requirements.
- Perform system testing and quality assurance for all PP functions.
- Provide end-user training and ongoing support for PP processes.
- Troubleshoot and resolve SAP PP-related issues.
- Write technical and functional specification
- Ensure integration with other SAP modules and external systems (MES)
- Activities mainly focus on Romania, Belgium and Brazil but can be extended to USA.

Requirements

- Bachelor's degree in IT, Computer Science, Engineering, or related
- Min 3 years experiences as an SAP Consultant on multiple and diverse projects
- Very good command of English is a must, French is a plus
- Innovation & Continuous Improvement
- Customer Orientation
- Hands on attitude and involvement
- Autonomous, responsive, results and details oriented
- Availability to travel to other Sonaca sites

What you will find here:

- A great team to work with
- Lots of learning opportunities
- Excellent work-life balance
- Possibility to work from home 2 days/week
- Flexible working hours
- A role exposed to executive communities inside & outside the organization

If all this sounded good and you want to join our team, you can send your resume at sat.recrutare@sonaca.com with **subject** SAP Consultant!
