

Forming: Aluminium sheet metal

Location: Spain 

PROCESS & CAPABILITIES

- 3 axis Trimming : 2 x trimming machine: 4,5m X 2,5m
- Sheet Metal Forming : 3 x Folding/Bending Machine (max 6m); 2 x Rubber Press (up to 1,6m)
- Drilling & Riveting : 1 x automated (2,5m x 0,4m)
- Heat treatment : 3 x Aging ovens (max 3m x 1m x 1,4m)
- NDT Inspection : 1 x semi automatic penetrant 4m x 12m x 0,2m ,
- NDT Inspection : 1 x 3-Axis 3D measure 1,2m x 0,6m x 0,4m
- Surface Treatment : 1 x TSA Automatic line (3,8m x 1m) and Wet & Dry blasting (3,4m x 0,5m)
- Painting : Carrusel Primer / Paint and Manual painting booth
- Welding

QUALIFICATIONS

- EN 9100
- NADCAP approved : All special processes (Heat Treating, Thermal treatment, Chemical processing, Painting, Welding and NDT testing,)

TYPICAL PRODUCTS

- HTP Tip
- Ribs & Detail Parts
- Leading Edge
- Rear Fairing
